ACKNOWLEDGEMENTS

In the name of Allah, the most Gracious, the most Merciful.

Allhamdulillah, all praises to Allah SWT for giving me the strength to complete this study.

A special gratitude and sincere appreciation goes to Associate Prof. Dr. Zaiton Hassan, my supervisor for this thesis for her guidance, generous advises, helpful comments, patience and great concern from the beginning till the end of study, I consider myself very lucky to be given this honor to work with her.

Not forgetting a branch of love and thankfulness to parents, uncle, uncle's wife, brothers, sisters and my wife for their understanding, strong supports and advices.

I also would like to thank my great friends Mr. Belal Jamal, Mr. Mohamed Moftah and Mss. Asma Alhasi for their help and advises. As well as Mr. Fredy Kesnawan Shah bin Abdul Kahar and Mr. Mazlan for their outstanding help and support.

Thank you.
